BERNICE E. SHIELDS,
Overseer of Welfare

Plymouth, N. H.
February 2, 1960

Office of Selectmen
Holderness, N. H.

Dear Sirs:

The following is a report of the activities conducted by the N. H. Department of Health, Bureau Public Health Nursing, for the town of Holderness for the year 1959.

Home visits were made in the town on mothers, babies and pre-school age children. Arrangements were made for children to attend diagnostic clinics as necessary.

As there were no Immunization clinics held in the town the past year the mothers were notified of the Salk Vaccine Clinic held at Plymouth hospital in June and a good number of people attended from Holderness.

Respectfully submitted,

LOIS W. BARTON, R. N.,

Public Health Nurse

PREVENTION IS EVERYBODY'S BUSINESS

The year 1959 was fortunate from a forest fire standpoint. New Hampshire had the best record in the nation. Fewer acres were burned, suppression costs were substantially reduced and damage to woodlands held to a minimum. The record resulted from a combination of favorable weather conditions, an alert warden service and a cooperating public.

Yet, despite all this, there still persists a disturbing note

58%, or 6 out of every 10 fires in 1959 were caused by careless smokers and debris burners.

10% or 1 out of every 9 fires was caused by children.

Careless, indifferent, thoughtless and independent minded individuals and failure of parents to properly supervise children and keep matches out of their reach, annually cause these unnecessary fires which cost large sums to extinguish and cause extensive damage. The elimination of these three causes of fires would radically change this picture. The rules are simple —

1. Before burning, secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning.
3. Make certain your fire is DEAD OUT before leaving it.
4. Don't throw lighted matches, cigars and cigarettes from moving vehicles — use your ash tray.
5. Don't burn at home — Use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires — 1

Number of acres burned — $1\frac{1}{2}$

Number of permits issued — 117

MINUTES OF
HOLDERNESS SCHOOL DISTRICT MEETING

March 7, 1959

The annual meeting of the Holderness School District was called to order by the moderator, Carlton Elsner, at 4:35 p. m. The warrant was read. Mrs. Calley moved to postpone action on Article 1 until the check list had been notarized. The motion was seconded and carried. The notarized check list was returned at 5 p. m. and voting proceeded.

At 8:06 p. m. the moderator read the warrant again. Mr. Lester Hall offered prayer. The following motion was made by Mr. Gordon and seconded by Mr. Plant. "I move the district approve the salaries of the school board, truant officer, treasurer, clerk and other officers of the district as printed in the school report." The motion was carried.

Mrs. Plant made and Mr. Plant seconded the following motion which was then voted in the affirmative. "I move the district accept the reports of the audit by the Division of Municipal Accounting of the State Tax Commission and the reports of the agents of the district as printed in the annual report."

Mrs. Calley made the following motion which was seconded by Mr. Willoughby. "I move the district raise and appropriate the sum of eighty-one thousand, eight hundred ninety-nine dollars and ninety-five cents (\$81,899.95) for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other

income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town." Mrs. Calley explained that a printer's error in the budget published in the Town Report had reversed the lines "total receipts other than property taxes" and "District assessment raised or to be raised by property taxes." After a brief discussion the motion was voted in the affirmative.

Mrs. Gordon moved as follows: "I move the school board be authorized to appoint Agents and Committees as necessary." Mrs. Ayer seconded the motion, and it was carried.

The following motion was made by Mr. Willoughby and seconded by Mr. Plant. "I move the district authorize the school board to make application for and to accept, on behalf of the district, any or all grants or offers for educational purposes which now or hereafter may be forthcoming from the State of New Hampshire and/or United States." Mrs. Calley explained that this article was in the warrant in order for the district to receive funds from the Federal Government. It was then voted in the affirmative.

Mr. Plant moved that the Building Committee be dismissed after the addition had been accepted. The motion was seconded and carried.

Mrs. Calley extended an invitation to everyone present to inspect the new rooms.

Mr. Plant moved to adjourn further action on the warrant except for Article 1. The motion was seconded and carried.

At 9 p. m. it was moved and seconded that the polls be closed. The motion was voted in the affirmative.

The ballot clerk proceeded to count the ballots with the following results announced by the moderator.

For moderator — Carlton L. Elsner — 23

For clerk — Eleanor S. Wolf — 23

For treasurer — Ethel J. Piper — 23

For member of the school board for 3 years —
Nellie J. Calley — 22
Phyllis Smith — 1

Nellie J. Calley, having received the plurality of the votes, was declared elected.

Mr. Elsner, Mrs. Wolf and Mrs. Calley were sworn in immediately. Miss Piper took the oath of office on May 14th.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Holderness:

I respectfully submit my fifth annual report as your Superintendent of Schools. As the American educational system has rapidly evolved, its goals have been variously defined as preparation for higher study, preparation for vocational endeavors, and preparation for life. At present, its whole philosophy can be summed up in two main concepts; the development of the individual to his optimum and the fostering of qualities needed for constructive citizenship.

These two basic concepts are really interlocking facets of the same fundamental attitude toward education, for only as each individual is helped to reach his potential can he be expected to make a vital and meaningful contribution as a member of the community. The democratic aspect of our educational system must not be thought of as a great levelling device which seeks to give each student exactly "equal" training, but rather a means of guaranteeing that each student be given the opportunity and the assistance to reach his own maximum fulfillment. Since pupils differ, this fulfillment will not only differ in kind but it will also be achieved through varying means.

Supervision and Instruction. As superintendent, I feel our teaching staff is doing a commendable job in adjusting the program to the capacity and capability of the individual child, by stimulating the bright and alert pupils to do more, the average pupil to do his best, and recognizing the pupils who are less able than others. Each boy and girl is entitled to an education within his ability, and where this is made possible, we are bound to progress.

Supervisory Union No. 2 includes the school districts of Ashland, Holderness, Inter-Lakes (Center Harbor-Meredith). Moultonboro and Sandwich, and there are many times when I realize that without the

loyal support and efforts of the building principals and staff, that many of our accomplishments would not be possible.

Staff. There were no changes in the teaching staff this year and this is a credit to the system and the citizens of Holderness. Happy teachers are effective teachers and the quality of education is directly related to competent teachers who continue to grow in our system. Thus, we are able to perpetuate a fundamentally sound philosophy of education.

Building. The addition of the two classrooms was completed in February of 1959 and they were occupied after the winter recess. The additional two rooms frees the auditorium and stage area for visual education, physical education, educational TV programs and school assemblies.

Transportation. The school district is transporting 149 pupils this year. The drivers are to be commended for doing an outstanding job of safe and efficient transportation.

P.-T. A. The P.-T. A. continues to be a very active group and has had many worthwhile programs relating to the pupil, teacher, parent and the home.

Educational TV. The science and foreign language programs of WENH Educational TV, Channel 11, have been made a part of the curriculum this year. During the next semester a social studies program entitled "The Story of New Hampshire" will be viewed by the fourth grade as part of their social studies program about our state. These programs have been very educational in that they bring to the classroom many experiences not possible in regular classrooms.

Conclusion. As executive officer of the school board, and as spokesman and representative of the teaching and administrative staff, I wish to take this opportunity to express my sincere appreciation to the Holderness school board, to all school personnel, and to the citizens of Holderness for their cooperation and support this past year.

MARTIN E. HEFFERNAN,
Superintendent of Schools

SUPERVISORY UNION NO. 2

BUDGET

The Supervisory Union Budget for the 1960-61 school year is apportioned among the five districts on the basis of the 1958-59 average daily membership and the 1958 equalized valuation as follows:

District	Percentage	Office Exp.	
		Supt's. Salary	Sec. & Travel
Ashland	18.77%	\$ 1,220.05	\$ 1,354.55
Inter-Lakes	42.56%	2,766.40	3,071.40
Meredith			
Center Harbor			
Holderness	11.41%	741.65	823.41
Moultonboro	17.67%	1,148.55	1,275.20
Sandwich	9.59%	623.35	692.09
	100.00%	\$ 6,500.00	\$ 7,216.65

The Superintendent's salary this year is \$8,500. The Supervisory Union's share is \$6,000 and the balance of \$2,500 is paid by the State.

PRINCIPAL'S REPORT

It is common knowledge that today there is a big turnover of teachers state-wide and nation-wide, but here in Holderness we have been most fortunate in that for two consecutive years, now, we have been able to operate with the same teaching staff. A new addition to our teaching program this year is Educational TV. The classes are held in the Auditorium with the television set on the stage. The 3rd and 4th grades under Mrs. Uhlman's guidance have been studying conversational French. This program will be expanded during the second semester with the addition of a course entitled "A History of New Hampshire." Mr. Allen's group will be studying science, using the same medium of instruction.

Grades 5 through 8 are again under the departmental system, with Mrs. Corbett directing the English and reading, Mr. Allen the science work and Mr. McGlone handling the social studies groups.

Mrs. Holland again heads up our hot lunch program. Fine, well-balanced meals were served as usual, although not so much Government surplus food was provided as in the past.

Through the cooperation of the local P.-T. A., it has been possible for our children to receive vitamin pills during the winter months. This is considered a wise program to follow inasmuch as it helps the child to build up his resistance to combat common colds and virus infections.

The skating rink in the winter, and the fine playground area in the spring and fall, offer our youngsters a healthy, wholesome program of sports activities. Looking to the future, playground equipment is something that is vitally needed. Procuring more playground equipment might be a community project.

Respectfully submitted,

ROBERT E. McGLONE,

Principal

REPORT OF SCHOOL NURSE

The Holderness P.-T. A. was the sponsor of another excellent Dental Clinic. The children, with the help of several parents, were transported to Dr. Tanenbaum's office in Meredith. The clinics were scheduled each morning on April 6, 7, 9, 10, 22 and the 23rd. Seventy-two children were examined and fifty-nine treated.

Communicable diseases reported to the school nurse were few but we had our share of chicken pox.

Free vitamin pills were given to the children. The P.-T. A. supplied vitamins for grades 1-6 inclusive and the Jr. Red Cross for grades 7 and 8.

Much welfare and social work and individual inspections were carried on throughout the year whenever necessary.

Routine heights and weights were checked in the spring and fall.

Annual vision tests were done and the questionable ones rechecked. A notice was then sent home suggesting further examination by their family eye doctor.

Eighty-one children were examined by the school physician, Dr. Harold Conrad, Jr., of Center Sandwich. Parents were notified of all recommendations to correct any defects found.

We have referred children to the private clinic of the New Hampshire Center for Hearing and Speech Defects located in Concord. This clinic is for children and/or adults with hearing and/or speech problems with Dr. Adam Sortini of Boston Children's Medical Center as examiner.

Some children received their unfinished series of Polio shots. The Holderness children should now be well protected against Poliomyelitis.

The nurse transported several children to clinics and doctors who otherwise would not get there.

The Pre-School Registration Day was held in May with eight children attending. Mrs. Madeline Given, dental hygienist, was with us again this year showing the children necessary care of the teeth. The school nurse checked the heights, weights and vision; then recorded information for the school health record.

Some hearing has been checked but our present machine which is shared with Ashland, Meredith, Center Harbor, Sandwich and Moultonboro is being reconditioned, therefore the hearing tests of the school children have not been done, to date, but will be done before the school year is ended.

The cooperation of the superintendent, members of the school board, teachers and parents of the community has been very much appreciated.

Respectfully submitted,

AMY L. BROWN, R.N.,

School Nurse-Teacher
